IT Portal - Asset Management

Your one-stop solution for seamless IT asset management. Our portal streamlines the lifecycle of your IT assets from onboarding to offboarding, including upgrades and break fix services.
Our easy to use portal has everything you need to keep track of your products.

Onboarding
- **Procurement:** Seamlessly acquire new IT assets
- **Registration:** Register assets with serial numbers and purchase info
- **Setup:** Pre-configure and deploy devices with necessary software
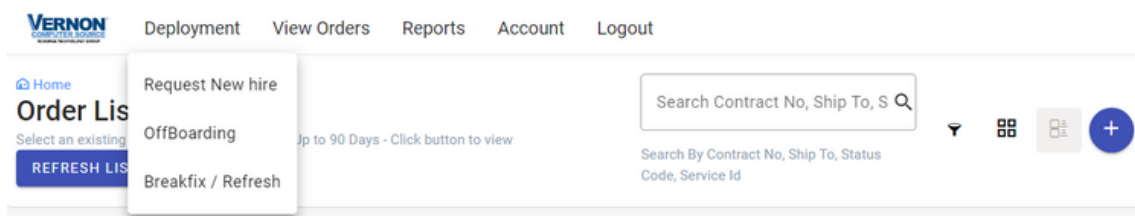

Offboarding
- **User Offboarding:** Retrieve IT assets from departing employees
- **Data Security:** Securely wipe data from returned devices
- **Assessment:** Decide to redeploy, refurbish, recycle, or dispose of assets

Upgrades
- **Planning:** Identify and plan necessary upgrades
- **Product Refresh:** Upgrade to the latest technology

Break Fix
- **Incident Management:** Rapid report and replace faulty equipment
- **Minimise Downtime:** Send replacement before collecting existing device

**Custom configurations available, please contact us to explore options.**
